Big Sammy Lever twirled the ball, and twisted it mightily.

He did his best to beat our braves With Norwood's plucky Nix.

But Sam's support was awful weak In all except their faces.

And when the score was done they knew They'd been beaten the race.

Now if you folks have a team That's fit to play a game, Just send them up to Mayville town— We'll do 'em just the same.

William Best was shot and killed by Shelby Nunn near Paint Lick.

Nat Green threw rocks, and Judge Wadsworth threw a fine of \$3 and costs at him.

Thomas Hopper, colored, sold a house and lot in the Sixth Ward to M. C. Russell.

Within three months two Harrodsburg young men committed suicide because they could not quit drinking whisky.

If the cure of the hair were made a part of a boy's education, we should not see so many gray heads, and the use of Hair Restorer would be unnecessary.

Toil will be changed at the new C. and O. bridge over Big Sandy, but at such reasonable rates that there will hardly be any kick made by the public. Service will soon begin.

Do not fail to take in the steamer Laurence excursion this evening. Good music, delightful ride, and oh, so cool. A ride of an hour and a half for ten cents. Let everybody turn out.

The editor of an unidentified exchange, who has evidently been a member of the choir, says: "When the devil don't know just what to do in a church he generally raises a disturbance in the choir."

GONE WITH THE BABY.

Sensational Affair Exciting Gossip in Robertson County.

Nearly three years ago William Wallace of Scott county went to Robertson county to spend a few days in hunting with some friends.

Mr. Wallace was handsome and entertaining. He was most agreeable to the young people, and being a wealthy young fellow, of good family, was soon acquainted with all of them.

He soon attracted particular attention to Miss Lizzie Tudor, daughter of Thomas Tudor one of the leading merchants of Mt. Olivet. Miss Tudor was a decided brunette, and was most attractive and interesting young lady.

Mr. Wallace returned to his Scott county home, but returned to Mt. Olivet in a few weeks, when his engagement to Miss Tudor was announced.

They were married amid a great deal of pomp and ceremony, and their wedding appeared, taken up the most interesting social affair of the season.

After receiving the hearty congratulations of hundreds of friends and well-wishers, Mr. Wallace took his fair young bride to his home in Scott county, where his father is a wealthy farmer.

They visited Mt. Olivet several times each year, and so devoted were they that the general remark was that their honeymoon was not over.

They went to Mt. Olivet last Saturday on a visit to Mrs. Wallace's parents.

Nothing seemed to be the matter with Mr. Wallace, and he was as proud of and devoted to his handsome young wife and bright-eyed baby girl as ever.

Monday afternoon, however he disappeared, taking the girl with him, and has not been heard from.

He left a note stating that he had gone for good and that there was no use looking for him.

He left no word as to why he left or where he went.

His young wife is almost crazed with grief and is inconsolable.

She says she cannot account for his leaving, as he was always the most devoted of husbands, and that they had never had a word in their lives.

Every effort is being made to discover his whereabouts.

Mrs. Wallace is a cousin of Miss Addie Tudor of Lexington, who was recently married to Mr. Harry Jarrell of Winchester. She is also the niece of Mr. George Tudor, who is one of the best known citizens of this city.

DOWN THEY WENT AGAIN!

What McGann Did to 'Em Yesterday Was a Plenty.

The "Norwoods" Badly Worsted in an Electrical Wind-up of Their Second Game With Mayville.

It was pure, old fashioned Nigger luck, coupled with heavy and timely batting, that yesterday's game of ball for the Locals.

The Norwoods went to the bat with a look of determination stamped upon their brows,—and also a look of confidence, as Sammy Lever was the whole club,—but they had gone far they realized that Sammy was no match for the Locals, as they hit him safely eight times, and that a remarkable performance, considering the thirteen men he struck out. He is as slow as a Lexington patrol-wagon, though.

The runs that were made were very near all on errors and wild throws, but one being earned.

The Locals played as if they didn't care how many runs the visitors made, judging from the amount of costly errors they had chalked up to their credit.

Wellner pitched a fairly good game, he throwing the ball over the plate and allowing the field to do the work.

The visitors touched him for ten safe hits, but the rank errors the boys made in the field were what made the score run up so high.

Tenley was as wild as it was possible for him to be, thinking at one time that McGann was dangling at the end of a rope from a balloon.

But we won, and it is as plain as the nose on your face that the Locals can play ball when they want to.

Captain McGann is the slickest ball player ever on a field, while Heileman is extremely fond of bleached foul, as the great running catch he made brought forth any amount of applause—deserved, too.

The Norwood team is one that will stand a great deal of practice. They are a set of gentlemen who don't know how to play the game.

This is how the runs were made on both sides:

Perry couldn't find the ball. Wright slammed one into left for two bags, and went to third on a passed ball. Kellner kicked the ball after he had batted it. Lever scratched, and went to second on a wild throw. Wright scoring. Kohnle went out to McGann.

Cox couldn't connect. Four balls flew by and "Shag" took a walk and scampered down to second. McGann made a little one, went to second and Hall moved up a notch. Reimer took a walk. Heileman poked the pill into center for two sacks, Hall, McGann and Reimer rubbering. Tenley hit to Lever, out via Schulte, Sutherland hit in front of the rubber and was thrown out at first.

Schulte punched one over third and went to second on a wild throw. Renner went out to Sutherland. Schulte scored on a wild throw. Bender out, McGann to Sutherland. Wadsworth gathered in Elberfeld's high fly.

Wadsworth and Wellner made six terrible swipes at the wind. Cox took a present, and was caught trying to swipe another.

Perry didn't see the leather. Wright fouled out to Sutherland. Heileman walked over to the fence by the bleachers and pulled in Kellner's foul fly.

Hall tried, but couldn't. McGann poked a hot one to Renner, who erred, and Mac promptly took in second. Renner took a fan, and Mac, third. Heileman poked, took a walk and second. Tenley contributed one to center, and Mac and Heileman ambled home. Tenley was caught at second.

Lever gouged one into center. Kohnle smashed one to Hall, who caught Lever's second, severely wrenching Lever's leg. Heileman was waiting for Schulte, and promptly threw to McGann, who gave Kohnle and Schulte a clipper.

Sutherland pushed one into center. Wadsworth got a present. Wellner fouled a hole in the pill three times. Cox sacrificed the two runners up a bag. Hall hit to Renner, who erred, Sutherland scoring. Wadsworth went into a trance at third and was caught.

Renner took a trip to Sutherland via McGannville. Bender gave a fly. Wellner smashed Elberfeld, who started for second. Tenley mistook McGann for a forty-foot telegraph pole and threw for the top, and Elberfeld scored. Sutherland lunged over Perry's fly.

McGann lunged one into left for a sack, and Reimer connected with right for one. Mac taking in third, and scored on

a fumble at second. Heileman smashed the pig into left, and Reimer scored. Tenley banged the wind, and Sutherland did the same, Heileman going to second. Wadsworth filled out to Bender.

Wright singled to center, but was fouled out by Kellner, who went to second on a passed ball and scored on Kohnle's punch into right for two bags. Schulte popped up to Wadsworth, who smashed, Kohnle scoring. Renner's chip in was a fly to Reimer.

Wellner threw at the rubber. Cox flew out to Renner. Hall wouldn't hit the ball.

Bender singled to left, and so did Elberfeld. Perry poked one into right, Bender scoring. Wright filled out. Renner touched up Wellner for a bag. Lever smashed the skin into center for three sacks, and three runners scored. Wellner took Kohnle's measure for three swipes. Schulte went out via Hall and Sutherland.

McGann made three wild swipes. Reimer made connections at Lever, who side-trucked him at first. Heileman couldn't do any better than to go out via Renner and Schulte.

Renner went to McGannville, who stopped him at Sutherland. Bender tried Mac, and he fumbled the ball and gave him quarters. Elberfeld went out on a foul. Perry hit one for a base, but was forced out at second by Wright.

Tenley fanned himself. Sutherland took a little fly out to Perry. Wadsworth couldn't connect.

Kellner got life by McGann's fumble, Lever patted one to right, Kellner raced home and Lever croaked at second. Kohnle "did" right for an out. Heileman took Schulte's measure for Sutherland.

Wellner hit for a base. Cox poked for a walk. Lever poked one into Hall's back. McGann connected for a single into center, Wellner and Cox scoring. McGann started to second to allow Hall to score, and Schulte threw the ball to Perry, but hit Mac and "Shag" rubbered the winning run.

WEEKLY CROP REPORT.

UNCLE SAM'S WEATHER CLERK ON THE PROSPECTS.

Condition of Cereals and the Small Crops Throughout Kentucky Up to Monday Evening Last.

The week was characterized by a continuance of the favorable conditions reported last week. The temperature and sunshine varied but slightly from the normal, and were sufficient for the needs of all crops. Scattered showers fell in several portions of the state during the early part of the week, but the rains of the 6th and 7th were general and in some places very heavy. The amounts reported by correspondents in various parts of the state usually exceed one inch, though in several of the Central and Southern counties where the amount of rain was reported at Pryorburg in Graves county states that 3 1/2 inches fell during the week. This is by far the largest amount reported to this office for the week.

The general tone of reports continues to be cheerful, and while several important crops have not come up to expectations, the outlook for all which will be harvested from this time on to the end of the season is very promising. The work of the week was about completed during the week, and threshing is well under way in the Western half of the state. Reports so far the yield continues to be confident, though but very few correspondents estimate that the crop will be up to the average. Generally speaking, the yield is much less than was expected, and the quality of the grain is not up to the standard. Considerable damage to wheat in the shock resulted from the heavy rains of the week. The rains have interfered with the work of threshing to some extent.

No crop has improved more under recent favorable influences than oats. Harvesting has commenced in places, but the work is not yet fully under way, having been delayed by the rains. Nearly all correspondents report a good yield in prospect, and some state that it will be exceptionally large, and, in fact, the yield will be good. The rains have interfered with the work of threshing to some extent.

KENTUCKY REPUBLICAN PLATFORM.

We are opposed to the free and unlimited coinage of silver, believing that it would involve the country in financial ruin. We believe in a sound currency and in the use of both gold and silver for coinage, provided always that the dollar in use be made precisely as good as a dollar in the other.

We favor a tariff as regulated as to protect the interests of all classes of citizens upon articles that may be successfully manufactured or produced in this country, thus insuring good wages to the laborer and a home market to the producer; and in connection with this we favor the re-establishment of the doctrine of reciprocity. We believe that such a system will defray every Government expense, gradually liquidate all indebtedness, restore public confidence and relegate to the rear the ruinous and ruinous prevailing currency.

In view of the past financial history of the Democratic party, its devotion to the old debt system and its refusal to consider the currency, we believe that the Republican party can be more safely trusted to regulate the financial system of the Nation.

We favor an American policy which will protect American and American interests in any part of the world at all hazards and will sympathize with struggling Republics rather than support monarchies.

It looks very much like the only way the great and only GROVER will be able to perpetrate his perverse politics will be by conferring the right of suffrage on women. GROVER wanted a boy, but the good LORD sent him another girl.

Hox. J. F. PORTER, an ex-Populist member of the Legislature from Webster county, says the rank and file of free silver men in Western Kentucky will not vote for HARDIN for Governor because of his acceptance of the nomination on the gold platform. He thinks Webster county will give a big Populist majority and estimates that PETTIT, the Populist candidate, will get 65,000 or 75,000 votes. If Mr. PORTER's figures are anything like correct COLTON BRADLEY will be Kentucky's next Governor by 25,000 majority.

"You pays your money and you takes your choice." Chairman JOHN W. YENKES of the State Central Committee, which will direct the campaign of the Republicans, says BRADLEY will win by 25,000. Hon. W. E. by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflammation of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a running sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and the tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

Elk Festivities End With An Appalling Accident.

The Floor of the Hall Goes Way and Hundreds of People

Drop to the First Floor, a Distance of Twenty Feet—A Large Number of Persons Sustain Terrible Injuries From Which Several May Die.

ATLANTIC CITY, N. J., July 11.—A frightful accident terminated the Elk festivities at Inlet Casino, Wednesday night, in which a large number of persons sustained terrible injuries, from which some will die. It was 9:30 o'clock when grand exalted ruler of the Buffalo body, Mr. Detweiler, of Harrisburg, finished his address at the opening of the social session of the elks and was about to introduce James J. Armstrong, of New York, when a crack from the stand was heard.

A moment later the stand upon which were almost a thousand people slowly opened and the mass of humanity was precipitated to the first floor, a distance of 25 feet. Men, women and children were plunged into the hole and upon one another. The cries, shrieks and groans were deafening and the direct confusion reigned. An alarm was immediately sent out, and all the physicians in town responded to the work of extricating the injured propped rapidly and by 12 o'clock they had all been removed to the hospital or their hotels.

By 9 o'clock more than 1,500 people had gathered on the second floor of the pavilion, anticipating a pleasant evening's enjoyment. The bands attached to the visiting lodge had given a fine concert, and Capt. Samuel Perry, of the Atlantic City lodge, had just begun the preliminaries of starting the social session.

There were several hundred people who had noticed the vibration of the floor and left the pavilion, fearing that the great weight would lead to its destruction and the consequent injury of the merry-makers.

Among these cautious people were a number of members of the Camden lodge. Fearing to create a panic, they quietly approached some of the members of the visiting lodge and discussed with them the advisability of bringing the affair to a close, so as to relieve the floor of a portion of the weight. While they were yet talking the crash came. A portion of the floor, some thirty feet square, located about the middle of the pavilion and near the railing on the board walk side, came tumbling down, bringing along, probably one hundred people.

In a second the electric lights on the second floor were extinguished, but luckily those on the lower floor kept burning long enough to permit some of the panic-stricken people to get to the stairway which remained intact and reach the board walk. Men, women and children were jammed together, trying to escape by the stairway, while the victims of the crash were screaming for aid to extricate them from the fallen beams and timbers. When the first feeling of panic had subsided the physicians quickly appeared and the rescue of their injured brothers and friends, indifferent as to the danger that confronted them, as they did not have the faintest idea of the extent of the disaster, was the first object.

In the meantime the people who were seated in the vicinity of the break found themselves in imminent danger of falling through the hole. Indeed, some were obliged to clutch the edges of the floor to keep themselves from falling through.

Among the injured are the following:

At the United States hotel, C. M. Foot, of Minneapolis, collar bone and arm broken; C. R. Lombard, of Boston, feet mashed and arm fractured; J. R. Duke, of Joliet, Ill., badly injured on the head and about the face.

At Schaeffer's hotel—James Long, of the internal revenue service, Philadelphia, injured about the face and nose broken; Ullie Lee, of Camden, internally hurt; Charles Folwell, of Camden, N. J., left leg broken; George J. Peachlin, of Camden, leg mashed.

THE MAYSVILLE REPUBLICAN

WEEKLY PUBLIC LEDGER.

Did U?

Did you ever think that relatives or friends who have moved to distant places—Gene West, perhaps, to grow up with the country—are always glad to hear from their "Old Kentucky Home"? And did you ever occur to you that a single copy of THE MAYSVILLE REPUBLICAN—the weekly edition of The Public Ledger—contains more home news than you could absorb in a hundred ordinary letters? And did you ever strive upon your own and the paper to your relatives and friends for a whole year at less cost than you can write a letter every week? Besides, don't you think a year's subscription to THE REPUBLICAN would be a present highly appreciated by those at a distance? Suppose you try it and hear what they have to say on the subject.
